SUMMARY

Results-driven Front-End Developer specializing in Angular, TypeScript, and JavaScript, with hands-on experience developing responsive, scalable, and user-focused web applications. Proficient in Angular, HTML5, CSS3, JavaScript (ES6+), TypeScript, Bootstrap, Tailwind CSS, and SASS, with a strong understanding of component-based architecture, responsive design, and UI/UX principles. Experienced in full-stack development through projects and intensive training using Node.js, Express.js, MongoDB, and RESTful APIs. Skilled in building reusable components, integrating APIs, implementing CRUD operations, and developing responsive interfaces across mobile, tablet, and desktop platforms. Strong problem-solving, collaboration, and continuous-learning abilities, with a focus on writing clean, maintainable, and efficient code.

PROFESSIONAL EXPERIENCE

Coding Instructor | iSchool

Jul 2026 – Present

Remote

- Deliver interactive programming and game development sessions for students aged 12–16 using Godot and GDScript.
- Guide students through hands-on coding projects, debugging exercises, and structured problem-solving activities.
- Develop students' logical thinking, computational skills, and foundational programming concepts through practical learning.

EDUCATION

Thebes Academy

B.Sc. in Information Systems | 2018 – 2022

Relevant Coursework: Programming, Databases, Networking, Systems Analysis, Software Development

PROJECTS

E-Commerce Full-Stack Project | NTI MEAN Stack

2025

- Developed a full-stack e-commerce web application using Angular, Node.js, Express.js, and MongoDB, implementing 20+ application features.
- Integrated RESTful APIs for authentication, product management, and complete CRUD operations.
- Implemented responsive interfaces across 3+ device breakpoints, focusing on usability, performance, and maintainable component architecture.

E-Commerce Website | Route Academy

2024

- Developed a responsive e-commerce front-end application using Angular, Tailwind CSS, HTML5, and CSS3.
- Built 10+ reusable Angular components for core features including product listings and shopping cart functionality.
- Optimized the interface for consistent user experiences across mobile, tablet, and desktop devices.

Clinic Management Application | Graduation Project

2022

- Developed a responsive clinic management front-end using Angular, HTML5, and CSS3.
- Implemented 8+ reusable UI components, Angular routing, and dynamic forms to support application workflows.
- Applied UI/UX, usability, accessibility, and responsive design principles to improve the overall user experience.

TRAINING & INTERNSHIP EXPERIENCE

MEAN Stack Development Trainee | National Telecommunication Institute (NTI) **Oct 2025 – Dec 2025**

- Completed intensive hands-on training in MongoDB, Express.js, Angular, and Node.js.
- Developed full-stack web applications using JavaScript, TypeScript, Angular, and RESTful APIs.
- Designed and managed MongoDB databases using structured data modeling and CRUD operations.

Front-End Development Trainee | Route Academy

Feb 2025 – Jul 2025

- Developed responsive and user-focused web interfaces using HTML5, CSS3, JavaScript (ES6+), and TypeScript.
- Built modern web interfaces using Angular, Tailwind CSS, Bootstrap, and SASS.
- Applied Git and GitHub for version control, source-code management, and collaborative development.

CERTIFICATIONS

- Frontend Development – Angular | Route Academy | 2025
- MEAN Stack Training | National Telecommunication Institute (NTI) | 2025
- InnovEgypt Entrepreneurship Program | NTI | 2026
- ITIDA Gigs Freelance Training | ITIDA | 2026
- Digital Marketing Diploma | Mazen Elsis | 2025
- Supply Chain Track | Arcade | 2026

SKILLS

TECHNICAL SKILLS

Frontend Development:

- HTML5, CSS3, SASS, JavaScript ES6+, TypeScript

Frameworks & Libraries:

- Angular, Bootstrap, Tailwind CSS

Backend Development:

- Node.js, Express.js

Databases:

- MongoDB

API Development & Integration:

- RESTful APIs, CRUD Operations

Development Practices:

- Component-Based Architecture, Responsive Design, UI/UX Principles, Accessibility

Version Control & Tools:

- Git, GitHub, Visual Studio Code

SOFT SKILLS

- Problem Solving | Analytical Thinking | Team Collaboration | Communication | Time Management | Attention to Detail | Adaptability | Continuous Learning

LANGUAGES

- Arabic: Native
- English: Fluent
